Tomas Owen Barron

Cambridge, MA | tobarron@mit.edu

EDUCATION

Massachusetts Institute of Technology, Cambridge, MA — Class of 2030
Mathematics — GPA: N/A

Colaiste an Spioraid Naoimh, Cork, Ireland — June 2026
Leaving Certificate: 625 points. SAT: 1560.
Coursework: Mathematics, Applied Mathematics, Physics, Chemistry, Computer Science.

HONORS & AWARDS

International Mathematical Olympiad Silver Medal — July 2025
- Participated on the Irish IMO team four times. Silver Medal (2025), Honourable Mentions (2024, 2026).

Irish Mathematical Olympiad 1st Place, Fergus Gaines Cup — January 2026
- Awarded the Fergus Gaines Cup for earning first place at the Irish Mathematical Olympiad.

British Mathematical Olympiad Round 1 Gold Medal — December 2025
- Top 20 scorers across Ireland and the UK

EXPERIENCE

Irish Maths Trust Summer Squad Camp, Cork, Ireland — August 2026
Principal Organiser and Lecturer
- Organised mock exams and activities for over 80 students over the course of a week.
- Created and taught lectures on geometry and combinatorics to junior and senior students

Program on AI and Reasoning (PAIR), Somerset, United Kingdom — August 2024
Selected Participant
- Admitted through competitive three-round application to a programme on cognition and modern AI/ML. Topics included information theory, neural network architectures and neuroscience.
- Fine-tuned a language model on my own text messages to reproduce my texting style.
- Designed and taught a class on the linear algebra behind modern AI systems to honors maths students, to improve AI literacy at my school.

Maths Beyond Limits, Delta Science Magazine, Rycerka Dolna, Poland — March 2024 – March 2025
Participant and Presenter
- Selected three times for a competitive-entry international maths programme.
- Gave talks (50+ students) on Benford's Law and on mathematical logic in the Prisoner's Dilemma.
- Adapted the Benford's Law talk for publication in the Polish Science Magazine Delta (March 2025).

PROJECTS

Olympiad Geometry Problem Design — Summer 2026
- Designed original Olympiad geometry problems, used at national training camps and maths battles. Co-wrote an article 'Creating Geometry Problems' with O. Keenan, published in the peer-reviewed Irish Mathematical Society Bulletin (Summer 2026).

Skills & Interests

Long-Distance Hiking: Appalachian Trail (2197 miles) in 100 days, the Tour du Mont Blanc (105 miles), and the GR20 (110 miles)
Languages: English, German, Irish
Programming: Python, Pandas, Javascript/HTML/CSS
